

Understanding The Crystal Matrix Transmitter®

How does the Crystal Matrix Transmitter® perform its amazing results? These phenomena are accomplished through the principles of Quantum Physics by working on the subtle energy auric fields that are undetectable by the normal senses but which support life and are essential for its functioning. It provides a natural-harmonizing experience used to discover the higher dimensional energetic disturbances and the underlying pathology and encourage the reappearance of normal energetic fields that support health.

Appropriate frequencies are applied to balance the discordant energy patterns of sickness by replacing them with those frequencies that define health.

The practitioner uses a special device known as an oscilloclast to broadcast vibrations to the client in order to bring about this balance, restore the flow of energy and allow the body to stabilize itself.

The Crystal Matrix Transmitter® does not interfere with other forms of medical care. Instead, it supplements them and restores the energy frequencies moving through the body that define health.

Approximate Size of CMT®

Timer can be set 2-4 minutes or Continuous

A healthy person will have certain energy frequencies moving through their body that define health while an unhealthy person will exhibit other different energy frequencies that define health disorders. The Crystal Matrix Transmitter® comforts by applying appropriate frequencies to balance discordant frequencies of sickness.

CMT® uses “frequency” not in its standard meaning but to describe an imputed energy type which does not correspond to any property of energy in the scientific sense.

CMT® operates on the principles of Quantum Physics, not upon the physical body directly, but primarily upon the subtle energy auric fields which are undetected by the normal senses but support life and are essential for the body’s functioning. CMT® is a natural harmonizing process which can be used to discover the higher dimensional energetic disturbances underlying pathology and to encourage the reappearance of normal energetic fields which support health. CMT® does not replace nor interfere with forms of medical care but supplements them.

This altered energy pattern can be read from any part of the body and treated by sending messages with the CMT® instrument to the body in order that the body may stabilize itself through the restored flow of energy.

Crystal **CMT** Transmitter®

Quartz Crystal:

Clear quartz crystal is the universal stone. It is a pure and powerful energy source. It receives, activates, stores, transmits, excites and amplifies energy.

Crystals stimulate brain functions and activates all levels of consciousness. Excellent for meditation. Brings harmony to the soul. Opens the Crown Chakra.

Scalar Waves:

Scalar waves are created by two poles out of phase with each other which creates a window or portal for natural energies to flow from the higher spheres into this dimension.

Pulsed Light Waves:

Since we live in a pulsating world, pulsed light excites and amplifies healing action within our bodies.

Seven Color Spectrum:

Seven colors are added to correspond with the seven main centers in the body sometimes referred to as the “Chakras”.

Audible Sound:

The Crystal Matrix Transmitter® has unlimited distance possibility and performs the above functions automatically with no risk of operator error or confusion.

Sound is added to a full spectrum sweep from 1 Hz. to 2000 Hz. with harmonics that resonate above 2 Mega Hz. and promotes balancing action in the body.
